PROFESSIONAL SUMMARY

Computer Engineering student at UniSATC with an analytical mindset, fast learning curve, and strong teamwork skills. Focused on directing my career toward **DevOps** and **Data Engineering**. With hands-on experience in logical problem solving, software development, and critical thinking, I am seeking my first professional opportunity to apply my technical capabilities to build efficient solutions and add corporate value.

EDUCATION

UniSATC <i>Bachelor's Degree in Computer Engineering</i>	Criciúma, SC, Brazil Aug 2025 – Expected: Aug 2029
CMG <i>High School Diploma</i>	Cocal do Sul, SC, Brazil 2022 – 2024

ACADEMIC EXPERIENCE

Data Structures Project - Supermarket Checkout - Development of advanced programming logic and algorithms using Python. - Practical implementation of essential data structures, including Stacks, Queues, and Binary Trees.	UniSATC (2nd Semester 2026)
Applied Programming Project - Automatic Irrigation - Development of the project's codebase using C++. - Practical application of fundamental Object-Oriented Programming (OOP) concepts. - Use of Git and GitHub for version control, maintaining project history and structural organization.	UniSATC (2nd Semester 2026)

TECHNICAL SKILLS

Programming Languages: Python, C, C++, C#, JavaScript. Web Development: HTML, CSS, Node.js. Development Tools: Git/GitHub, Visual Studio Code, SQL, JSON, Docker. Core Concepts: Object-Oriented Programming (OOP), Data Structures, Databases, Computer Networks, Digital Circuits, Algorithms, and Programming Logic. Productivity & AI Tools: Prompt Engineering (ChatGPT, Gemini, Claude) for research and debugging, Google Workspace, Office Suite.
--

COURSES & CERTIFICATIONS

Python Essentials 2 In-depth study of Object-Oriented Programming (OOP), module and package development, advanced exception handling, string processing, and file manipulation.	Cisco Networking Academy (2026)
--	---------------------------------

LANGUAGES

Portuguese: Native
English (Advanced - C1 Level): Full professional proficiency in technical documentation reading, professional writing, verbal communication, conversation, and listening comprehension in a corporate environment.
